E-Share allows for **wireless display and touch control with Mac and Windows** and wireless display from Android and iOS devices (Airplay),

EDUTOUCH INTERACTIVE PANEL CLASSROOM SOLUTION

Interactive Lessons

Increase student engagement and collaboration with effective, interactive lessons.

With built in whiteboard, annotation, split screens and wireless screen sharing you can provide intuitive presentations to your team or clients.

Easy Device Connectivity

- Connect laptops and desktops with provided HDMI and USB cables.
- The panel supports both VGA and HDMI connections, with touch functionality enabled through the USB-A to USB-B cable.
- Once your display is connected, you can interactively use any software/content from your laptop or PC and present them seamlessly.

Built in Educational Tools

Many built in tools for use in the classroom, including:

- **Timer & Stopwatch:** Built in timer & stopwatch for class activities
- **Record:** Record your lessons for absent students or record presentations with built in screen recording
- **Split Screen:** Present more with the built in split screen
- **Screen lock:** freeze and more.

Whiteboarding for Enhanced Collaboration

- Experience effortless whiteboarding with the built-in Whiteboarding Application.
- Simply **import a variety of media formats**, including PDFs and images, to enhance your discussions.
- **Powerful Annotation Tools** – Write, erase, and save your work directly on the panel.
- **Easy Saving and Sharing** – Save and share notes effortlessly via cloud services like OneDrive and Google Drive.
- **Instant Access via QR Codes** – Share content quickly with colleagues or clients through QR codes.

EDUTOUCH INTERACTIVE PANEL CLASSROOM SOLUTION

Wireless Screen Sharing

Experience seamless wireless display and touch control for Windows, Mac, iPads, tablets, and mobile phones. Through E-Share Screen sharing application or Airplay.

Features include:

- Screen Sharing for up to 9 devices.
- Desktop Sync to view panel content on your device.
- Extended Screen mode.
- Remote control from a mobile device.
- Screen Copy for projecting content onto another interactive flat panel.
- Supports Mac, Windows, Android, and iOS devices with touch control and screen sharing capabilities.

Optional PC Module

Turn your Interactive display into a large format Computer with Microsoft Windows operating on the PC Module you simply need to add a keyboard and mouse and you are underway. You have a completely interactive computer display.

CPU: Intel Core i5 / Core i7

Memory: 8GB DDR4 / 16GB

Display: Intel Iris XE Graphics

Storage: 256GB / 512GB M.2 Drive

Network: Gigabit LAN, Dual Band Wi-Fi 6

Bluetooth

Audio: HD audio

Operating System: Windows 10 / Windows 11

Ports: 1 x HDMI, 1x USB-C, 2 x USB3.1, 1 x USB2.0, 1 x LAN, 1 x audio out

Intuitive Home Screen with Powerful Applications:

The IG-Touch Interactive Panel's Home Screen features 4 main applications:

- **Finder (File Management):** Built in efficient file management system, easily manage your documents, pictures, audio, and video files.
- **Whiteboard:** Interactive whiteboard for real-time collaboration with multiple functionalities like drawing, writing, and annotating.
- **Browser:** Access the internet directly from your panel.
- **Additional Applications:** Access tools like Browser, Cloud Drive, Keeper, and WPS Office.
- **Screen Share:** Simple and effective screen sharing

3 MONKEYS AUDIOVISUAL CLASSROOM DISPLAYS

NUITEQ Chorus transforms the classroom into an interactive learning environment.

Chorus is a fun educational suite of interactive multitouch applications designed to help kids learn while they play! Chorus is the only educational technology software allowing you to divide your touchscreen into independent, personalised zones. Chorus transforms the classroom into a fun, motivating, and engaging active learning environment.

Chorus enables teachers and students to tell engaging, interactive stories that align closely with the curriculum, it provides a safe community for online and small group collaboration, and it allows simultaneous personalised instruction making curriculum relevant to students' lives.

SAVE LESSON PLANNING TIME

DO MORE WITH EVERY TOUCH

VIDEO LINKED LESSONS

FUN CONTENT

A SAFE PLACE TO SHARE

HIGHLIGHT STUDENT WORK

BLEND/FLIPPED

Activities during class

PROJECT-BASED LEARNING

Create an adventure with Lesson Lists

TEACHER PROFESSIONAL DEVELOPMENT

With online courses and videos

LEARNING STATIONS

For small groups in upright and tabletop settings

MULTIPLE MEANS OF PRESENTATION

Keep slides, websites, videos, and activities always visible

STANDARDS ALIGNMENT

Lessons made for Teachers by Teachers

STUDENT VOICE

Less typing, more formative feedback

CONCEPT MAPPING

Organize relevant content in Nodes

PROBLEM-BASED LEARNING

Supports truly independent inquiry in Zones

DIGITAL CURATION

By teachers and students

STEAM LABS, MAKER SPACES

With active content and mobile creation

ACCESSIBILITY

Guided access, voice recording, dyslexia friendly font, and color overlays. 40+ supported languages, including English, Spanish, Arabic, Chinese, and more.

Comes with 30+ apps with pre-loaded and customisable content.

3 MONKEYS AUDIOVISUAL CLASSROOM DISPLAYS

For teachers, Chorus also means spending less time preparing and more time working with students.

SAVE LESSON PLANNING TIME

Teachers can find standards-aligned Chorus Lessons created by

teachers for teachers that they can edit to suit their needs.

DO MORE WITH EVERY TOUCH

Smarter Human Interaction means doing more with every touch, and it means minimising the effort of every student to be active learners. Save your preferred custom Zones layouts so you can have an entire collaboration station with one single tap. Load a lesson playlist or webpage directly from your home screen.

AI-POWERED TECHNOLOGY

Teachers are empowered with the award-winning AI assistant, designed to supplement their expertise and supercharge the creation of engaging lesson activities.

VIDEO LINKED LESSONS

More and more teachers are using videos to boost student engagement in the classroom. With Chorus, you have access to

video-linked lessons that provide hands-on activities aligned with educational standards. These lessons are made by teachers for teachers: by the members of NUITEQ's Global Content Department, but also by teachers all over the world who use Chorus in their classroom. Play the lessons online, on your PC, Chromebook, laptop, or other mobile device or in tabletop mode on a large interactive display.

We believe that Making Education Fun means listening to students and how they want to learn. The student's voice enables authentic dialog and deep reflection but we need Smarter Human Interaction to ensure that more class time is spent on reflecting and active learning.

FUN CONTENT:

Transform quality videos from trusted sources into learning activities and provide multiple ways to learn the material (e.g. Wikipedia, Podcasts) so that every student can succeed.

A SAFE PLACE TO SHARE:

When you answer multiple choice, true/false, and even open-ended questions in a Chorus Poll, students can be anonymous and grades are hidden. Students can share their feelings with emojis and bad words in English and Spanish are filtered out.

DRAFTING AND DESIGN:

Chorus allows multiple students to work simultaneously on the same display with different apps. Capture your personal zone and use it as a collage for markup and presentation.

CREATION ON MOBILE:

Mobile creation is the key to creative self-expression in the classroom. That's why we've made it possible to play every activity and with the online version of Chorus (accessible at Chorus.nuiteq.com). Use images from your camera roll, and record your voice for use inside your lesson.

Read Me!™

ReadMe is a literacy tool designed and produced by practising English Teachers!

ReadMe is a literacy tool that can be effectively used by all teachers. The idea for ReadMe evolved through years of experience, teaching English literacy classes in upper Primary to lower Secondary.

- Bringing together advanced teaching techniques and modern technology, the lessons capture students attention.
- Comprehensive programme of 27 lessons that cover basic grammar skills, poetry analysis and text types.
- TMReadMe suits a wide audience. As the lesson content is drawn from subjects across the curriculum, diversity and wide appeal is guaranteed.
- Students who are reluctant readers do not always engage with lessons presented in the "chalk & talk" manner; ReadMe offers an alternative.

27 LITERACY LESSONS

Australian Curriculum aligned

Comprehensive Literacy teaching tool

Online platform independent

WHITEBOARDING

Whiteboard Interactive Software enhances traditional teaching.

Whiteboarding Interactive Software significantly enhances collaboration within the classroom.

It increases team/class engagement by facilitating dynamic group discussions and effective planning sessions. The software's interactive features, including annotation, note-taking, and drawing, provide a collaborative experience that encourages active participation and creativity. By leveraging these tools, users can seamlessly collaborate, brainstorm, and visualize ideas, making it an invaluable asset for both learning or working atmosphere.

Whiteboarding Smarter:

- **Whiteboard functions:** writing, erasing, commenting, drawing, and roaming.
- Group note-taking.
- Engage students in writing and drawing shapes.
- Create engaging interactive animations for lesson content.
- **The Magic Wand:** enables you to draw and write and it will populate suggestions of shapes and objects.
- **SmartWrite:** hand write any word and convert to typed text.

Built In Tools:

- Mind Map Tools for creative discussions and planning.
- Interactive Multimedia Function; subject-specific tools and multimedia demonstration.
- Display and use clock, calendar, and calculators in one easy platform.
- Import, analyze, and evaluate videos.
- Ruler: Add a ruler for measuring on screen

WHITEBOARDING

Whiteboard Interactive Software enhances traditional teaching.

Engaging Features:

- **Multiple background** options, different colour pens
- and highlighters for easy annotation.
- **Sticky Notes:** Add sticky notes to your note.
- **Table:** Create tables and customise the sizes.
- **Shape:** Draw 2D and 3D Shapers and lines

Interactive Presentations & Tools:

- Increase audience engagement and collaboration with effective, interactive presentations.
- With built in whiteboard, annotation, split screens and wireless screen sharing you can provide intuitive presentations to your team or clients.

Saving & Sharing

- Create multiple pages, save, and have a digital record of the day's learning (Build a database of lessons).
- Import and export worksheets.
- **Export:** You can export the file as an image, PDF, SVG or IWB file to the panel or USB.
- **Cloud Storage:** Save files on OneDrive or GoogleDrive.
- **Email:** you can email the current file (the receivers email address must be configured)
- **Share the Note:** Touch the share Icon, Scan the QR Code for downloading direct to your device.

WHAT OUR CUSTOMERS HAVE TO SAY ABOUT OUR SUPPORT

Marco Antonio Parra – PeopleKind Group

I recently had the opportunity to work with 3 Monkeys Audiovisual for a project involving the upgrade of several meeting rooms' audiovisual systems, and I must say that their professionalism and exceptional customer service truly stood out.

Throughout the project, the team at 3 Monkeys AV demonstrated a deep understanding of our needs and provided expert recommendations on how we could improve the audiovisual systems in our meeting rooms. They were patient and responsive to all of our inquiries and provided regular updates on the project's progress.

What impressed me the most was their attention to detail and willingness to go above and beyond to ensure that the upgrades were completed on time and within budget. The team arrived early, well-prepared and executed flawlessly, causing minimal disruption to our daily operations.

Moreover, their follow-up support has been exemplary, with prompt responses to any issues we have had since the upgrade. Overall, I highly recommend 3 Monkeys for any audiovisual needs. Their professionalism, expertise, and exceptional customer service make them a top choice for anyone seeking outstanding audiovisual solutions.

Thank you Francis, Kyle, Barry, and the rest of the team for your exceptional work and dedication.

Darren Walters – Synergy

Fabulous, prompt and professional service from the team at 3 Monkeys when upgrading my portable PA system recently.

Not only did they install the new gear they also did a mini service and tutorial to ensure it (and !!) were using it to its full potential.

Would highly recommend 3 Monkeys to anyone in the market for AV gear.

Maria Macian-Dagino (Rockingham Senior High School)

We're really happy with everything that 3MAV has done for us over the years.

The performance and quality of their systems are excellent. 3MAV staff are always happy to help us whenever we need after sales support or advice.

They have a huge range of products, which is great for us, as we keep buying new products and upgrading our old ones. 3MAV are very professional and great to deal with.

Phillip Anderson (Department of Sports & Recreation)

The systems are fantastic, they work very well and we've barely had any issues with any of them. I was very satisfied with both the quality and performance of the systems. The service we received from 3MAV was absolutely awesome! I think the systems were great value for money.

The people from 3MAV that we dealt with were very professional and provided awesome service. They came in, did what they needed to do and cleaned up after themselves before they left which was great.

The range of products offered is quite large. We are always given different options for the jobs that we need which is great. Dealing with 3MAV was a very enjoyable experience. They provided the right equipment that we needed with no fuss and at a great cost.

Tania James (Our Lady of Mercy)

The systems are very efficient; once they were installed the teachers were able to get on them straight away. The large whiteboard screen is so much better than the old IWB that we had. All the systems are super easy to use so the teachers were able to adapt their lessons and get on with it straight away.

We had excellent service, expertise and follow up support from 3MAV which is why we keep coming back. We are always well looked after and nothing is too big a problem. Even if we call 100 times a day, 3MAV are always happy to help us.

We have found everything from 3MAV to be very good value for money. The 3MAV people are highly professional and a pleasure to deal with. 3MAV have a vast range of products available and we were able to find everything that suited our school and classrooms without having to go elsewhere which was great. Dealing with 3MAV is always easy and we are very happy.
