ACOUSTIC PODS

BY 3 MONKEYS AUDIOVISUAL

roomcube.

At RoomCube, we create spaces to transform the way you work, collaborate, and thrive.

Say goodbye to distractions and hello to unparalleled focus with our range of acoustic booths.

RoomCube, a pioneering company based in Western Australia, emerged with a vision to transform contemporary office spaces through innovative acoustic pod booths. Recognizing the demand for flexible and private work environments amidst the open-plan office trend, RoomCube embarked on a mission to revolutionize workplace dynamics. Leveraging cutting-edge technology and meticulous craftsmanship, RoomCube's acoustic pod booths are designed to offer unparalleled sound insulation and aesthetic appeal. Their sleek and modular designs seamlessly integrate into modern office layouts, providing employees with a space for focused work, private conference calls or confidential discussions.

Since its inception, RoomCube has swiftly gained traction in the market, catering to the evolving needs of businesses across various industries. With a commitment to quality and sustainability, the company prioritizes eco-friendly materials and efficient production processes. As workplaces embrace the concept of activity-based working and prioritize employee well-being, RoomCube stands poised at the forefront of workplace innovation, reshaping the office landscape one acoustic pod at a time.

Make the most of your workday with RoomCube.

WHY US

Unbeatable quality & Affordable

A quiet, stylish, and productive workspace that combines comfort, sustainability, and unbeatable value.

32 DB Soundproof

Thanks to our specially designed soundproof glass doors and walls, our office pods are SGS certified for 32 decibels of sound insulation.

Modern Design

A sleek, contemporary design that adds a cutting-edge touch to any corporate office. Perfect for businesses looking to enhance their workspace with style and sophistication.

Premium Materials

Crafted with 1.2mm steel plates, 4mm+4mm explosion-proof laminated glass, and 12mm polyester sound-absorbing panels.

Cost Effective

We offer the most competitive prices in the industry. Among products of similar quality, our prices are among the lowest, providing exceptional value for our partners.

Silent Ventilation

Our office pods use silent fans to ensure a noise-free environment, while the air inside the pod is refreshed in less than a minute, guaranteeing a constant supply of fresh air.

Quick Installation

our modular office pods can be assembled in less than an hour by two people for single-person pods, and within two hours for four-person pods.

Full Control

Equipped with an integrated touch control panel, you can easily adjust the fan speed and light brightness.

Portable

Our office pods come with wheels for easy mobility. They are also detachable, allowing you to move them within your building or relocate them to a different office with ease.

CUSTOMISE

YOUR ACOUSTIC POD

Empty Pod

Our acoustic booth pods offer ultimate flexibility to suit your needs. You can purchase the pod as an empty shell, providing you with a quiet, private space to customize however you like.

Alternatively, we can supply it fully equipped with furniture tailored for comfort and functionality, such as desks and seating. For those seeking a complete solution, we also offer the option to include video conferencing technology, transforming the booth into a fully integrated workspace ideal for virtual meetings or focused collaboration.
